Total Crime	2689	2982	16%

The chart to the right shows six years of Part I Crime Data. For the past several years, each year had many record breaking 5 year monthly low numbers. Thus far, 2020 continues this trend by being below 2019 for 5 months and beating the five year low for 4 months.

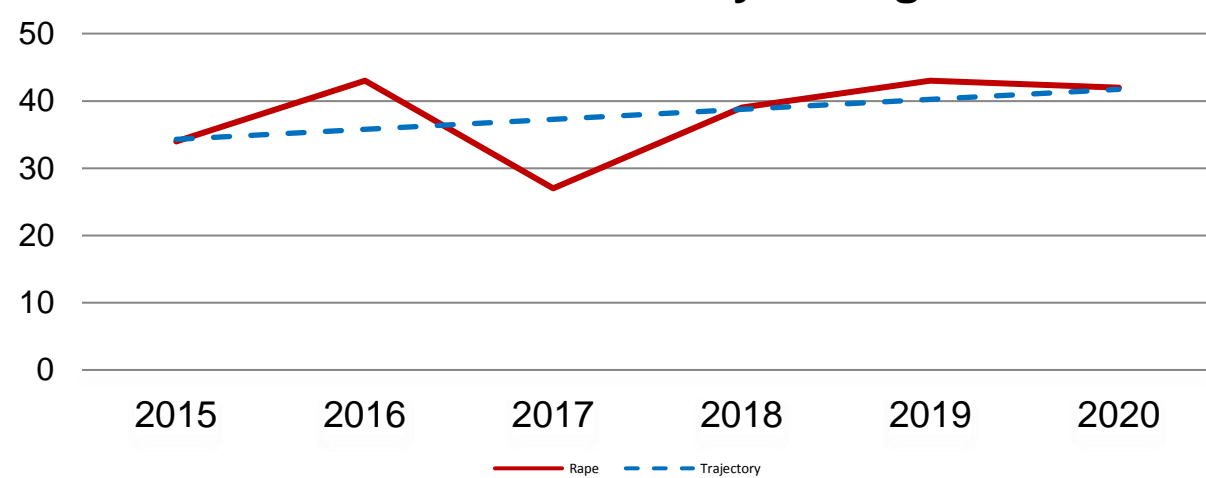

Currently, 2020 has a total crime decrease of 11% which stemmed from the consistent decrease in larcenies.

The following graphs will depict each crime type.

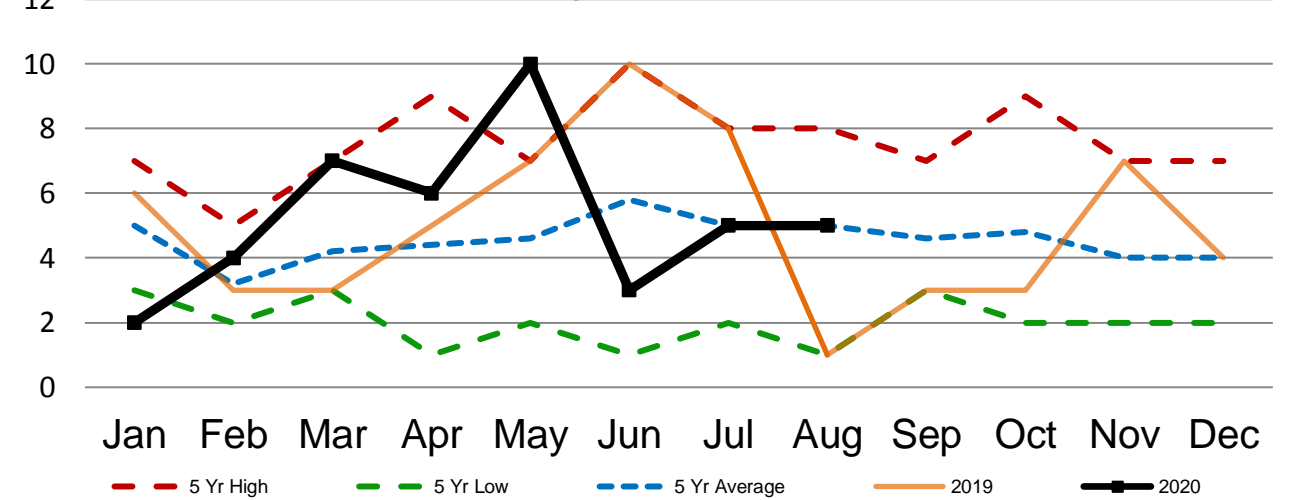

Rape

Past 6 Years: January to August

Past 5 Years Jan to Aug	
2019	43
2020	42
5-Year Avg	37
5-Yr Avg vs. 2020	13%
% Change	

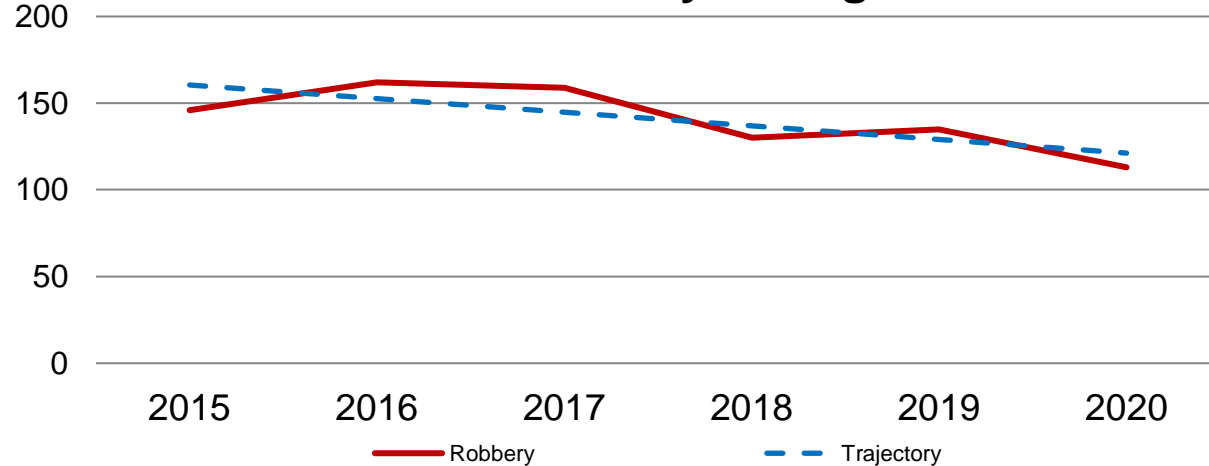

By Month

In 2019, rape numbers vary greatly between month to month due to the low volume of reports. In 2020, May had a spike in numbers.

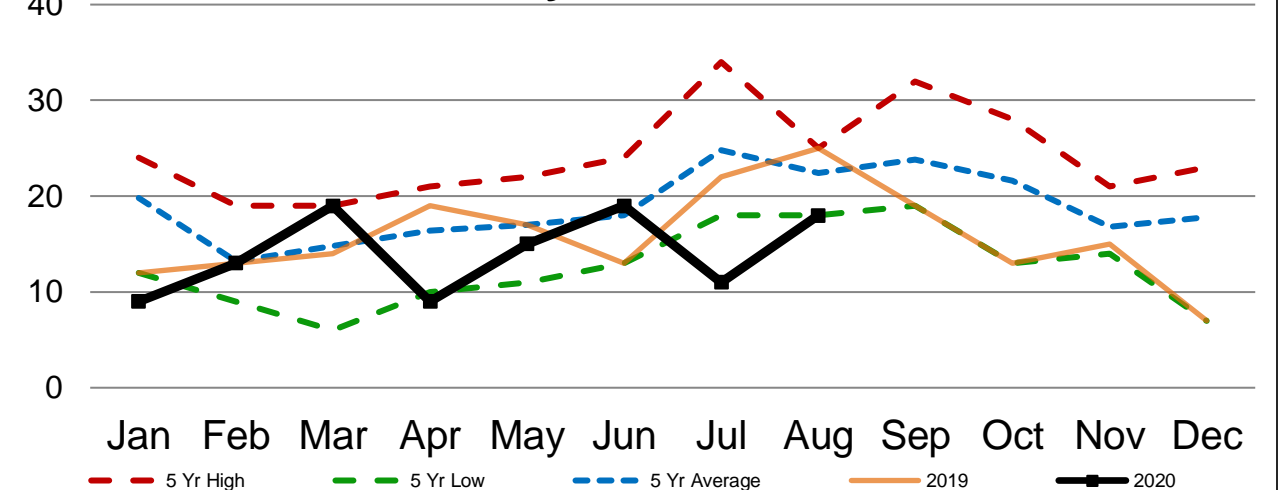

Robbery

Past 6 Years: January to August

Past 5 Years Jan to Aug	
2019	135
2020	113
5-Year Avg	146
5-Yr Avg vs. 2020	-23%
% Change	

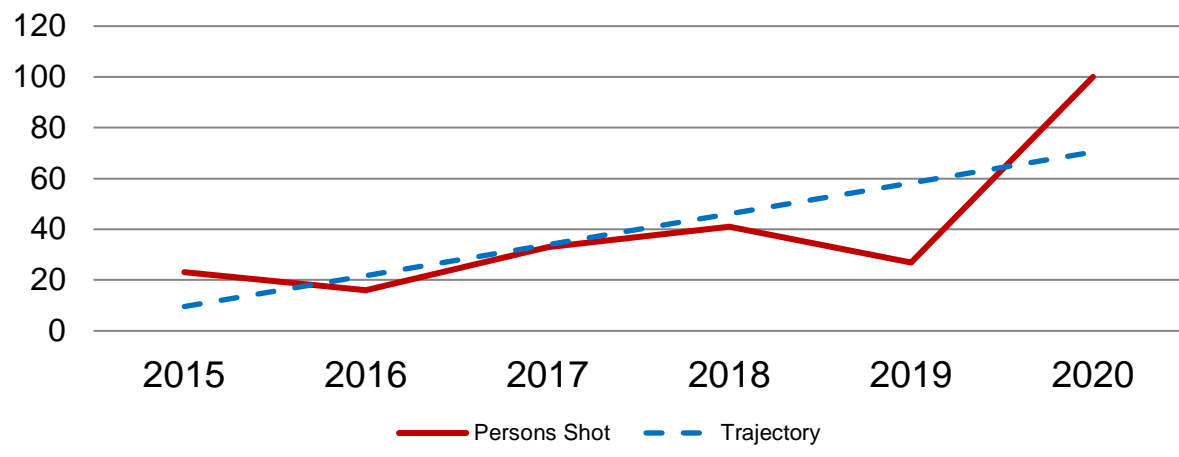

By Month

The trend of robberies in 2019 was marked by crime levels at or below the five year average, which was similar to 2020 with the exception of March which had a dramatic increase.

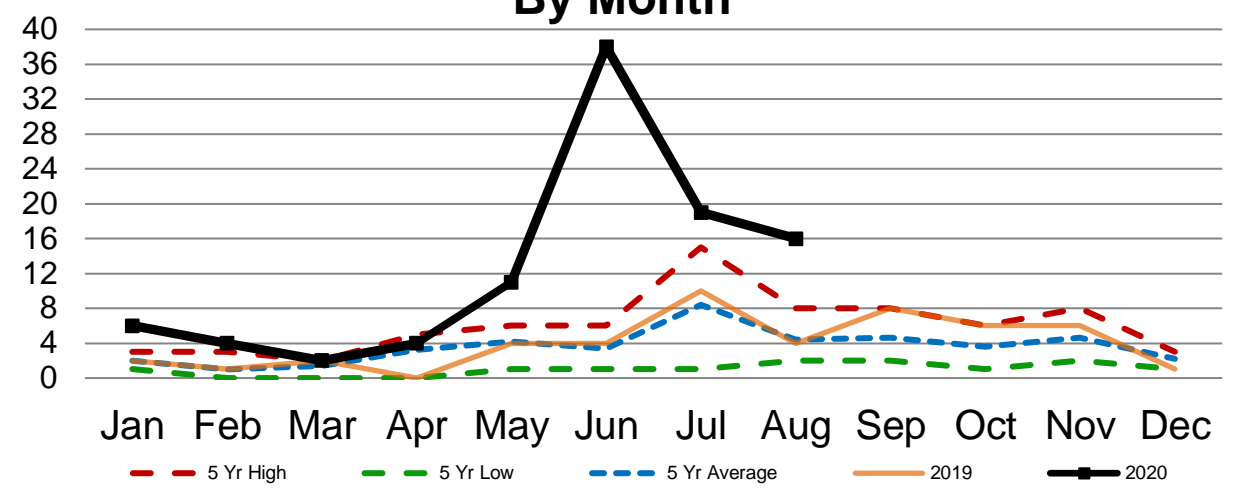

Shooting Victims

Past 6 Years: January to August

Past 5 Years Jan to Aug	
2019	27
2020	100
5-Year Avg	28
5-Yr Avg vs. 2020 % Change	257%

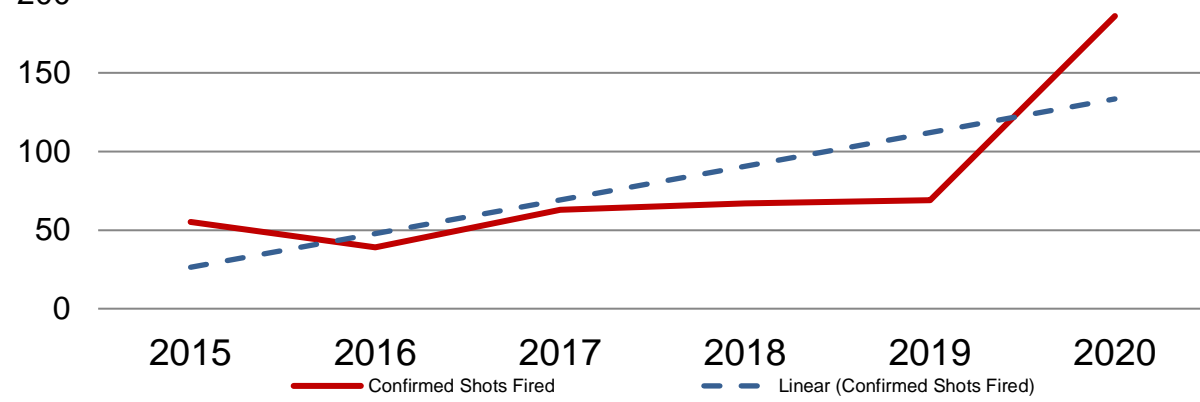

By Month

2020 has seen record breaking high numbers for shooting victims even as it has steady decline in July.

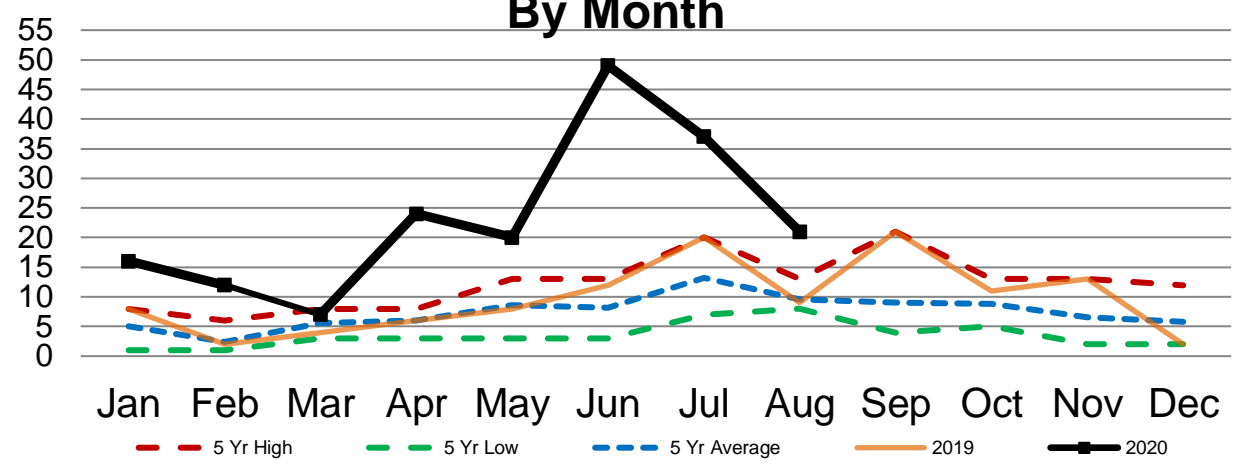

Confirmed Shots Fired

Past 6 Years: January to August

Past 5 Years Jan to Aug	
2019	69
2020	186
5-Year Avg	59
5-Yr Avg vs. 2020 % Change	217%

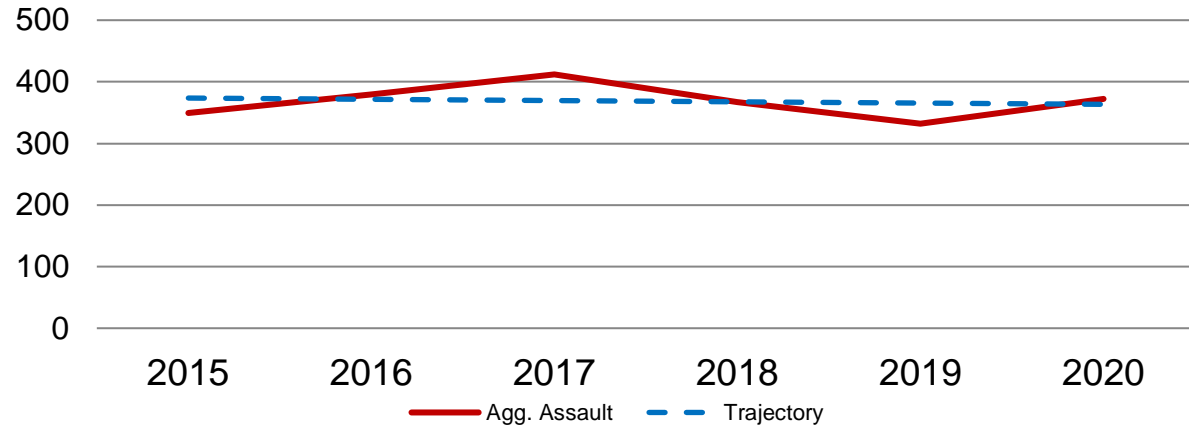

By Month

Similar to shooting victim numbers, confirmed shots fired has seen record breaking high numbers in 2020, with the exception of March slightly below the average high but above the average 5 year.

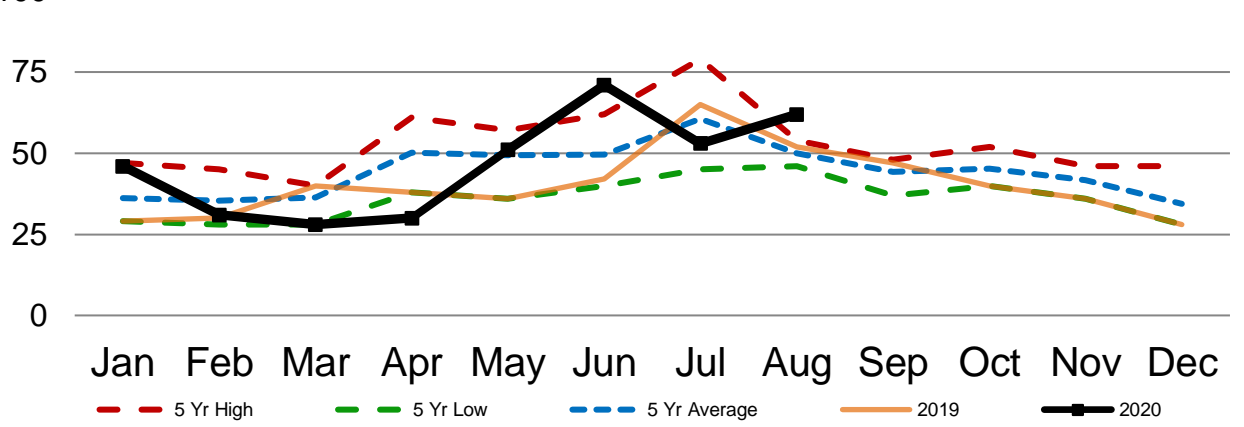

Aggravated Assault

Past 6 Years: January to August

Past 5 Years Jan to Aug	
2019	332
2020	372
5-Year Avg	368
5-Yr Avg vs. 2020 % Change	1%

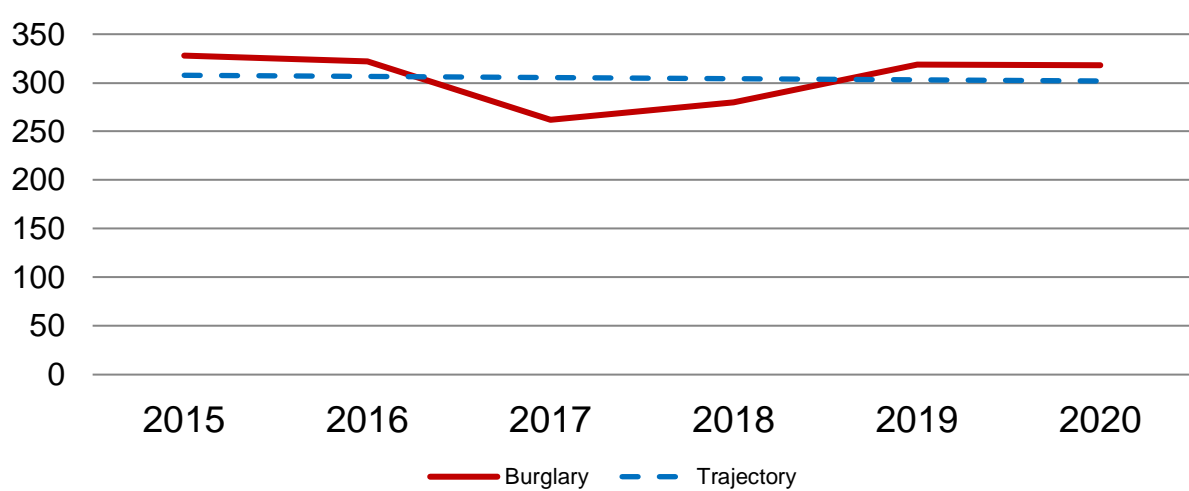

By Month

In 2020, February, March, and April numbers were generally equivalent or less than the 5 year low numbers, making it the new 5 year low.

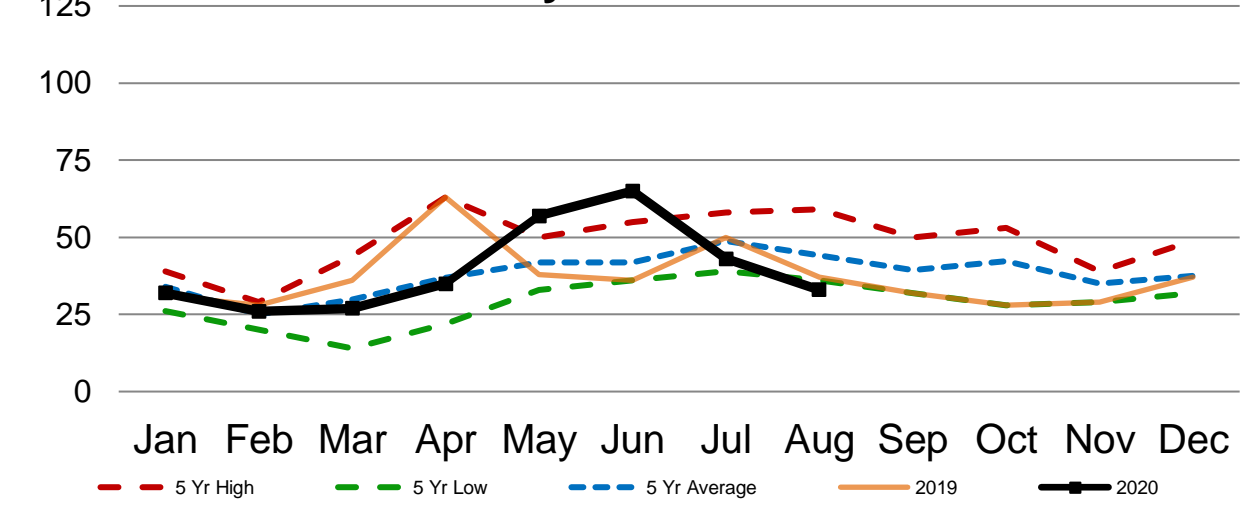

Burglary

Past 6 Years: January to August

Past 5 Years Jan to Aug	
2019	319
2020	318
5-Year Avg	302
5-Yr Avg vs. 2020 % Change	5%

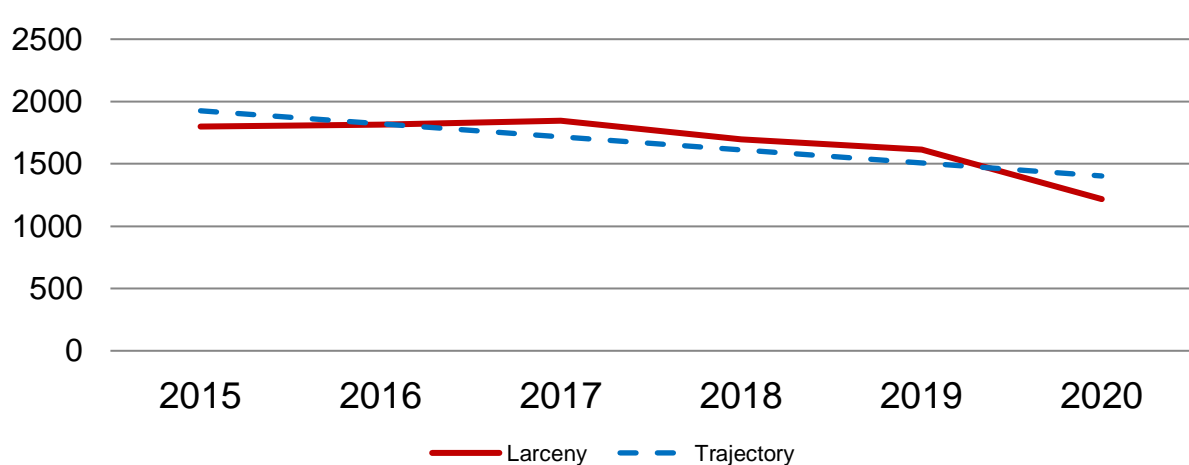

By Month
