

CITY OF ALBANY  
DEPARTMENT OF ASSESSMENT & TAXATION

**MEMORANDUM**

TO: Honorable Gerald D. Jennings

FROM: Keith McDonald Commissioner  
Assessment & Taxation Office

DATE: December 16th, 2010

RE: 2010 Accomplishments

In a year in which there is not a reassessment, our efforts are more focused on updating our data. We have been working on a project to review our assessment data with the building departments data as it relates to the number of units in apartment buildings. We have also completed a project cornering the City's GIS System, we worked to eliminate inconsistent data. We have also continued the changes to the assessed address to match the street address so as to eliminate all of the AKA addresses. And all of our data is on the City's web site for public inspection.

Sincerely,

Keith McDonald  
Commissioner
